## JUNE 2023- SEPTEMBER 2023:

Servant Spotlight	PAGE 1
Residency Program	PAGE 1
Celebrating our Staff	PAGE 1
Jordan's Journey	PAGE 1
The Shepherd's Circle	PAGE 2

## SERVANT SPOTLIGHT

*Jack Huskey*

Jack has served at Mountain Hope Good Shepherd Clinic for the past 2 years, volunteering when there is a break in classes. Jack is currently majoring in biochemistry at the University of Tennessee Knoxville and plans to enter family medicine. We are grateful for Jack's help and for all the wonderful volunteers who support our clinic.

## RESIDENCY PROGRAM

Mountain Hope Good Shepherd Clinic has strengthened our relationship with ETSU Quillen College of Medicine, forming a partnership to host residents at the Clinic. This collaboration creates a mutually beneficial connection, as residents gain a deeper understanding of the real-world impact of their work and the importance of community-based care. Meanwhile, their contributions provide a lifeline to the clinic, allowing it to expand its reach and touch the lives of even more individuals in need.

## CELEBRATING OUR STAFF

Join us as we congratulate Mirna on attaining her Clinical Medical Assistant Certification, and Scott, who recently completed his Bachelor of Science in Cyber & Information Security. We are grateful for their gift of service!

## JORDAN'S JOURNEY

Jordan Tasman plans to make a positive difference in the world. Jordan joined the clinic as a volunteer, where her skills in research were used to strengthen our grant applications and identifying areas of need in our community.

Her goal is to become a Women's Health doctor in underserved areas. Jordan identified barriers that affect timely access to preventative medicine in this region, which affect the cancer rates in Appalachian populations. Jordan has been accepted into the Mercer School of Medicine in Macon, Georgia this August. Our prayers are for Jordan to be everything God has planned for her. Jordan has been blessed and has been a blessing to us and we thank you, Jordan!

*"I am passionate about providing accessible women's health services in underserved communities to promote overall well-being, gynecological care, and provide screening services for cervical and breast health... I strive to be a physician that is for the community and feel so grateful to have been a part of Mountain Hope where I have learned invaluable skills on patient care and data collection."*

*Jordan Tasman, Volunteer*

## QUARTERLY BIBLE VERSE

*"Heal me, Lord, and I will be healed;  
save me and I will be saved,  
for you are the one I praise."  
Jeremiah 17:14 NIV*
